

Freckle Tile - 1 1/8" Round

Product Details

The Freckle tile is a fun way to bring a little attention to any project. This solid bronze tile features our Grout-Through concept where the channels in the surface of the tile are designed to be filled with grout. Part of the Geometric tile family.

Freckle Tile (TT562): 1 1/8" round

Finish

Shown in Silicon Bronze Rust (BR)

Notes

- Our Grout-Through tiles feature recessed "channels" in the surface which are designed to be filled with grout resulting in a unique segmented pattern when installed
